

The image features a light green map of South Carolina with a black outline. The letters "SC" are prominently displayed in the center in a white, bold, sans-serif font. Four blue stars with brown outlines are placed on the map: one in the northwest, one in the center, and two in the southeast. Lines connect each star to a corresponding artist's name, location, and profession. Each artist's name is in bold, followed by their location and profession. Small images of their work are provided for each artist.
